I watched some of the Victoria's Secret Fashion show last night. It was somewhat entertaining. The models had on some amazing costumes in addition to their lingerie. Justin Bieber sucked as usual, but I enjoyed Bruno Mars and Rihanna.

Justin Bieber sucked as usual? Seriously? I think he is really cute. I did not watch it yet though. I have it on the DVR still. I love Bruno Mars but not really a Rhianna fan! I'm going to have to watch the Biebs and see what I think.
