We went to see a movie a few weeks back and it was our first time going to the movie theater in several years, so I got sticker shock REALLY bad when I found out that movie tickets are about \$10 each now. Are they that much everywhere?! I hate to say it, but I don't think it's worth it anymore. For the price of two tickets, you could just buy the movie on DVD and own it forever!

Yes and worse. I sure hope you didn't want any of the \$6 pop corn or \$5 sodas.
