David Bowie is releasing his first album in ten years this March. He released the first track on his birthday earlier this week. The album is titled The Next Day, and the first single is "Where are we now". I am so excited about this new album because I have always been a HUGE David Bowie fan.

That is so awesome! I didn't know if we would ever get a new Bowie album. I really hope he tours because if he comes through Atlanta I am there!

I haven't heard anything about it but that is awesome! I can't wait for it to come out; I hope it's as good as his earlier work.
