The Walking Dead came back on Sunday evening and I was able to watch the episode last night through Xbox video. Even better yet, the episode was free to watch, where it would normally cost 260 MP to download. (Don't ask me why it was free; I still haven't figured that out!) Any other Walking Dead fans here?

I like The Walking Dead, too. Don't want to give anything away for fans that might not have seen the newest episode yet, but what did you think about the episode?

I am a HUGE Walking Dead fan - can you guys believe what happened on the most recent episode?! I was not happy about the end!

Kenwoody - Are you talking about the season 3 finale, or are you talking about the episode just before it? I wasn't happy with the end of either episode, really, especially now that we have to wait 6 months for season 4.

I'm always working, so even when I record "The Walking Dead", I don't have much opportunity to watch it. It was on while I was at a friend's house the other day, but he talked through the whole show, and I couldn't get a chance to enjoy it.
