The only two (really good) guitar players I know are both of the opinion that Eddie Van Halen may very well be the best guitar player of all time, so I finally broke down and bought a couple albums to listen to. At first, I really thought Van Halen was overrated but man, they are really good! Any other Van Halen fans here? What's your favorite album? Which singer do you like better? I'm finding myself to be a Sammy Hagar fan.

Van Halen was never my favorite band, but they are undeniably good. I'd have a hard time choosing between David Lee Roth and Sammy Hagar. However, I happened to see Hagar in concert once and he was great. He was so talented and having so much fun that you couldn't help but enjoy the concert immensely.
