Wayne,

Please send me the 4Pi plans. Also, can the port be round and if so, what size?

Thanks, Robert

You've got mail!

The port needs to be made as shown in the plans. There's no room on the baffle for a round port with the same area.

I ordered 4Pi xovers and h290c horns on 04/13/2013 and was wondering when to expect these items to be shipped to me.

Thanks,

biglaz

They're going out Monday. Did you not get the messages through the shopping cart saying they would ship in approximately ten business days? No problem asking, I just wondered if the emails went through.
