As much as we used to love the old shows that ran when we were kids, would we actually watch them if they just came out today? I can't imagine that "Mr. Ed", a show about a talking horse, would catch anyone's interest today.

I agree, today's kids would never sit still for my beloved Captain Kangaroo. However, I think adults do watch the old shows on rerun channels like Nick at Nite, TV Land, TBS, and USA Network.
