Do you remember the hip hip trio TLC? I think their biggest hit was probably the one that went, "Don't go chasing waterfalls; please stick to the rivers and the lakes that you're used to..."

Anyways, the last thing I heard about them was that one of the members had died. ("Left-Eye") Now the remaining two members are apparently reuniting and will be performing at the MixTape Festival in July.

Thoughts?

Left Eye died?! When did that happen? She must have been pretty young still.

I used to listen to TLC in when I was in junior high. Waterfalls was a great song.
