Wayne, hope all goes well for you at LSAF. I would really like to make the event at some point.

Read a pretty good review of your speakers over on AudioCircle:

Wow, that reviewer was quick out of the gate. Thanks for the link.

Would love to see you here sometime! Maybe next year, put us on your list of things to do!

When will you be back in the states?

I should get orders soon for an August return to the US (Washington DC area). I cannot wait to get out of here....2 years is a long time.

My brother lives in Ausin, so it is possible I can make next years show. I really want to go, seems to me the more laid back style would be better than the ones covered by Stereophile etc.

Still loving my Pi's! They really sing with my fully upgraded Odyssey Khartago amplifier.
