Has anyone seen the trailers for The Purge? I think it is a kind of interesting concept, not interesting enough to see it at the theater, but I will definitely check it out on DVD.

Wow, that is a pretty wild premise. I don't think I'd want to live in a country with all crime being legal for 12 hours once a year. That is scary.

I want to see this too, but not enough to pay theater prices. I wonder when it will be out on DVD. It is an interesting thought, but i would not want to live there either.
