I am trying to obtain a copy of the September 1961 ElectronicsIllustrated. This magazine has a project called the "Terraquaphone". Does anyone have this magazine, and if so would I be able to purchase it or, at least get a .pdf copy of the Terraquaphone project via E-mail?

Please refrain from repeated posting the same request on multiple forums. Some information has been provided here, so let's try to make that one the "official" thread on this subject. Hopefully others will reply too. Thanks.

OK - I'm sorry if some of the scans are upside down, but the scanner is strange that way. You can print them and turn them around. Good Luck!
