Who here likes a good glass of wine every now and then? Sometimes on the weekends I feel I need some to help me unwind. It goes very well with Pink Floyd.

I don't know of anything that doesn't go well with Pink Floyd, but then again, they are my favorite band. As for the wine, I am not a heavy drinker but I do like a glass every now and then. Last wine I drank was an Arbor Mist wine, on sale at the local liquor store for $3/bottle.

Arbor Mist is good. I don't really care what the name is, but if it's from Northern California, I'll drink it. The odds a very good that the wine will be as well.

I used to drink wine all the time but I've gotten out of the habit of drinking. My favorite was an Italian chianti. I can't remember the name, just that I got it at a local restaurant.
