I was thinking of Neil Diamond having an entire symphony orchestra as band, but I am sure we have the same with some artists today? The music might just be more contemporary. Doesn't Era have an orchestra? And Evanesence?

I'm sure some do but I have to admit I'm struggling to think of any examples. I don't know if Era or Evanescence have; I've heard of orchestra covers but of course that is an entirely different thing.

What comes to mind is the group OMD (Orchestral Maneuvers in the Dark). Not sure if they had a full orchestra, though. Also, I don't actually know if they are still on the circuits. They were popular in the 70s and 80s, and I LOVED their music!
