After being arrested for alleged domestic violence 50 cent used his Twitter feed to brag about not being in jail. Here is the news story I saw about it.

Well, there were charges filed so that status may change. He should have thought about it before he started bragging. All of those tweets may be admissible in court and show a lack of remorse.

I feel sorry for his former girlfriend. I hope that she is being cautious in case he goes off the deep end and looks for her. With any luck he'll be convicted and the judge will throw the book at him.
