Does anyone know when the new Hunger Games movie is coming out? It's been awhile since the first so I figure it has to be soon.

I don't know but I am so excited. I loved the books and the movie. I hope it is sometime soon. You would think it would be soon. I don't know why these producers make us wait so long in between movies. You would think that they would think they would lose viewers this way.

They have started releasing the trailers, so I would assume that it is sometime soon. I didn't see the first one and I am not particularly interested in this one.

No, roxxi, they don't lose customers by making us wait. They heighten anticipation. Jackson, I've read all three books and it's really a great story.

I guess I just take issue with the premise. I don't like the idea of a battle to the death between children. I am sure that it is a well written story though.
