I have heard that The Conjuring is a really scary movie. I just saw the trailer and about jumped out of my chair. Has anyone seen it yet? I am trying to decide if it's worth a trip to the theater.

I've heard it's a decent scary flick. I tend to wait for rentals these days though since the theater is so expensive. I think I go out to the movies perhaps two or three times a year.

Everyone who I know who has seen it, says it's pretty scary. Everyone has their own threshold for scary though. I will probably see it when it comes out on DVD.
