The kids went back to school this week. I feel like I missed summer. I don't even remember there being a good summer kid's film? Am I completely out of touch, or was there not one this year?

I don't know how young we are talking here, but I think there were a lot of kids movies out this summer. Despicable Me 2, Smurfs 2 and Monsters University are just a couple of them. Then there was Percy Jackson: Sea of Monsters, The Lone Ranger and Epic for the older ones.

Monsters U is the major one that sticks out in my mind, but that is probably because I wanted to see it too.

Smurfs 2 just came out, didn't it?
