Does anyone else watch Agents of SHIELD? I was surprised that they went from a movie format to a TV series, but it's been pretty good so far.

I've caught some of the episodes. The pilot episode was actually my favorite so far, but most of them have been pretty engaging. It doesn't hurt that I have a thing for Agent Coulson.

You do? That is funny. He's not really my type, although he does have a nice smile. I agree with you that the pilot episode was one of the better ones, although I also really enjoyed the last one I saw, where Skye's former life with Rising Tide collides with her new job with SHIELD. I think I'm behind one episode though, so I need to catch up.
