A friend of mine from Chicago just posted some pictures of a recording session. Boy did that bring back some memories. I haven't recorded in those rooms in over ten years but it doesn't seem that long ago.

Do you miss Chicago? I bet it was a trip seeing the rooms you haven't seen in so long. Did they look the same or were there a lot of changes?

Sometimes I miss Chicago. I don't miss the weather; it was too cold and dark in the winter for my taste but otherwise it's a neat city. The rooms looked about the same as I remember, although I'm sure if I had access to more photos, I'd see changes.
