Hi folks

I just finished a PI 3 build. I documented the build here.
http://audioroundtable.com/forum/index.php?t=msg&th=19395&start=0&

I'm wondering how long it takes for these Pro drivers to break in. I used Eminence 4012HO woofers and Band C DE250 compression drivers. Dynamics are in a totally new league compared to most home speakers.
