Rodney Dangerfield is gone, one of the funniest men to ever do comedy.A true original and master of his craft, he will be missed."I could tell my parents didn't like me; my bath toys were a toaster and a radio."

Hi John,Yeah, I've been thinking of him all morning. I've been really fond of the old boy and his passing doesn't seem real. I've been visualizing him this morning with Sam Kinison in Back to School. So full of life.I miss him.Wayne

Yeah both of those guys had the gift. There just does not seem to be anyone taking the reigns, I cannot name two real comedians left working. Guys who were genuinely funny and not scripted. See them in the Improv in the sky.
