Do you guys build playlists? If so, how many do you have? I guess you could say that I am a playlist-a-holic, because I have a lot of them. I have one for weight-lifting sessions, another for my runs, another for easy-listening when romance is in order, yet another for jamming in the kitchen while cooking, etc., etc., etc. I bet I have at least 10 different playlists, each with at least an hour's worth of music.
