I'm not much of a sports fan, but my commute recently changed and sports talk is on the radio station's morning show now. Surprisingly, I'm rather enjoying it because I don't have to watch the games but I get an idea of what's going on, which makes it easier to make small talk with the sports fans in my life. Do you listen to sports talk on the radio?

I don't listen to sports talk. Sports usually bore me and so I generally just try to find other things to talk about with the fans in my life.
