I have been on a Tommy Lee Jones kick here lately; don't ask me why! I just really like his acting, I guess. So far I've watched him in Coal Miner's Daughter, the Men In Black movies, and Hunted (or is it Hunter?). What else has he been in?

Tommy Lee Jones has been in a lot of movies. No Country For Old Men comes to mind, along with Space Cowboys, Double Jeopardy, and Small Soldiers. Of course, in Small Soldiers, he just does a voice-over, but it's still a good movie.

Thanks, audiophile88. I'll see if any of those movies are on Netflix. If not, maybe I can rent them through Amazon. I've seen Small Soldiers before but I haven't seen any of the others you mentioned.
