I grew up on David Bowie (that makes me sound old) and now that vinyl is making a return, he's coming out with a limited vinyl edition of Changes. It's supposed to be out in stores in April!

It might be a collector's item at this point. What would be apt is if the vinyl changed colors throughout the song. Clear to yellow to green to red, etc.....

Changes on changes.

I'm sure his family will keep his tradition alive by reissuing his songs as changes occur in technology. The more successful artists do fhis, and the Bowie family has always seemed like a sharp bunch.
