I've been listening to the Trans-Siberian Orchestra's Christmas songs today. (I can't believe how soon Christmas will be here!) Does anyone else listen to them? Also, does anyone know if they have an entire album of nothing but their instrumentals?

I like to listen to them, too. I'm not sure if they have an all-instrumental album, though. They have one that I thought was all instrumental but then I discovered that at least one of the songs on the album has lyrics to it.

I don't know anything about their albums because I listen to pretty much everything by song these days. I pick out two songs from this album, three off that one, etc.
