Very seldom do I get halfway through a movie and say "I gotta have this" 99 Homes was one of those movies. And even fewer times still do I "promote" it. If you like intense personal senses in your movies, I HIGHLY.....HIGHLY recommend this one.

I remember seeing a trailer for this one, but I never got around to watching it. I think this is one of those movies that will really hit close to home for a lot of people. Do you know if the DVD is in stores yet?
