My sister is getting married in July this year and she has asked me to help her put together a playlist for the event. While we are having a lot of fun doing this, it seems like the songs we are picking aren't the best ones for a wedding. Any suggestions on songs for the first dance and others?

I guess you have less than two months to your sister's big day. Choosing a wedding playlist has got to be one of the hardest things for anyone, let alone the bride and groom.

I would suggest that she settles for a slow song for the first dance and especially one that has a romantic feeling.
