Anyone here old enough to remember that store? We had one in South Bend IN. when I was growing up, about 20 miles from where we lived, and I used to love that store.

Any connection to the (still thriving) chain of the same name with stores throughout Japan? Tower doesn't seem to be an obvious enough moniker for a music/record outlet for it to be a coincidence.

Hi Yes I remember them (so sad to see them go) . The nearest thing around here now is ZIA. They do both new and used LPs, CDs, DVDs and even sheet music. Their bargain bins are usually full of good stuff and usually it is in good condition. I have snagged several LPs that are either unplayed or near mint for $1.
