Anyone here part of the Audiotool community? I recently joined and am excited to start mixing and making. There are so many cool tunes there to checkout as well.

Hi Herz, thanks for the post; I've been looking for a site like this for awhile now! It looks cool what with the tunes and mixing setup. I'm definitely in!

I have only heard of Audiotool before but never given it much thought. It should be interesting getting to do all kinds of mixes. It is quite amazing how creative some people can get!

Hi firerain and bcharlton, I'm glad you're into the site, as well. I've been on it for a few days now and I'm really enjoying the features of it. You guys should definitely delve deeper.
