Do you have a favorite artist or artists that few other people seem to know about? For instance, I like the singer Beth Hart, but when I say the name to other people, they draw a blank.

I experience this almost all the time. There is an actor by the name Matthew Fox but very few of my friends know him. I liked his character in the TV series 'Lost'.

There used to be a bunch of bands that I liked when I was younger that a lot of people didn't know about. One of my favorites was 'Green Apple Quick Step'. So many people didn't know who they were and it was always fun introducing them to something new.

Does Mudcrutch count? Everyone knows who Tom Petty is, but not everyone knows this was the first band he was in. They formed way back in 1967 and they were actually pretty good.
