Donald Trump was sworn in 3 weeks ago and there has been an absolute flurry of activity since then. I don't think he's taken a day off yet. How do you think he's doing though, overall, with the decisions he has made?

All I know is that the presidency is a completely different ball game and I think he's trying to see what is workable. It was a different script during the campaigns and reality has now started sinking in.

Hi, This thread seems to be getting close to topics of religion or politics which are usually not good things to post on forums. Too many people find reasons to argue and become just generally unfriendly ....not a good thing on open forums. I believe in the interest of harmony this one should go away. Just my 2 cents.
