Hey guys. I know this topic has nothing to do with anything here, but I just wanted to find out where I can watch the movie Insurgent online for free. Does anyone know?

Nope. Not right off hand. Start with You Tube, you never know what you will find there.

Isn't Netflix pretty dirt cheap though? Just saying.

I would have suggested Netflix as well. I think it's less than ten bucks a month. That's less than you would normally spend to go and see one movie, so for me it would be a no-brainer.
