Hey guys, are there any songs you have on repeat right now? Me, I can't stop replaying Believer by Imagine Dragons and Still Got Time by ZAYN.

John Legend's 'All of Me' is always on repeat. There are also a couple of songs that I seem to never get tired of listening to. I guess that's what good music does to a person.

I used to love "All of Me" and would listen to it on repeat also, but I think that I heard it too much, because I can only listen to it occasionally now.

Right now I'm listening to Amaranthe. Having three lead singers gives them a really unique sound, and I like the blend of pop and metal. "The Nexus" and "Amaranthine" are both really good.

I have a lot a lot in common with some of you guys. I love All of me, too. In fact, I love all of John Legend's songs.

Tadtone, despite listening to music all the time I've never heard of either groups you've

mentioned, but they sound great. I'll have to check them out.
