Hey guys, I have noticed that a lot of artists and their sound are evolving as far as their music goes, like Paramore. How do you feel about this?

I'm not sure I am "hip" enough to appreciate evolving sounds from artists. I prefer the sounds I grew up with and never could get into "Grunge" or "Punk". I guess that just makes me old.

GoldenOldie, I don't think you have to be "hip" to appreciate evolving artists. I think it just depends on your personal taste and the type of music the artist makes.
