Just thinking, with series which have songs in, like My Little Pony, or series which have one-off musical episodes like the Music Meister on Batman, what's the best musical episode of a series you can think of on TV?

My Little Pony - well, that brings me back to my childhood. Did you have a favorite pony from the franchise? Gosh, they just don't make them like they used to.

The best musical series would be The Mickey Mouse Club. The best musical one off would be "Will's and Grace's revival". What about you?

This is a hard one. I think that the best series with musical episodes would have to be Hannah Montana. I am not a Miley fan now, but I'll say this, Hannah Montana used to have the bet music.

Your childhood was 2016? (joking) They remade it a few years ago. The new series has run for six or seven seasons now, and has a mainly college audience which seems to happen to most kids shows. Lot of good songs on it and I spent ages learning to play the This Day Aria.
