I'm looking for podcast recommendations for young kids that resemble the old story times of days ago. Something like "Little Orphan Annie's" radio show.

If by like "Little Orphan Annie" you meant exactly like "Little Orphan Annie" they do have a retro podcast of the original series: <http://retro-otr.com/channel/juvenile/little-orphan-annie/>

Understandably, it'd be a little outdated, but there might be other podcasts on that site that might fit the bill.

I read an article recently by Common Sense Media and they had a list of the top 20 recommended podcasts for kids (some of which are created by kids!) My favorite for my 7-year-old is the bi-weekly Book Club for kids.

Thank you both for the suggestions. Charlie, I meant "like" as in "similar to". Basically, a fictional story that continues every week rather than a one off. I should have explained my request much more clearly, but the link you posted lead me to tons of great podcasts so thank you for that.

Pique, I found the article you mentioned and you're right, it's a great resource. Thanks for sharing it!

I don't know how old your kids are, but my friend has a six and seven year old (girl and boy respectively) who enjoy the podcast "Eleanor Amplified" by WHYYY. You can read more about it
