What are you looking forward to hearing or seeing on the screens in 2018? For me it's Game of Thrones. I've been watching the past 7 seasons over and over and I just can't wait for season 8.

I know technically that's not a movie, but it's the only thing that came to mind. Everything else pales in comparison...

Haha, yeah, not technically a movie, but I know tons of people are right alongside you and stoked to see it. I haven't gotten into it yet - I get way too attached to characters to be able to handle it emotionally!

I'm excited to see the new Fantastic Beasts movie and The Black Panther.

I'm eagerly awaiting Fantastic Beasts 2, too. It's only going to be released a year from now, but I'm sure it's going to be well worth the wait!

I'm anxious to see Solo: A Star Wars Story. I can't exactly say that I'm really excited about it because part of me is filled with dread that they'll find a way to ruin, or at least change my perspective of, my childhood hero. Here's to hoping they don't mess him up.

Arctic Monkeys are one of my favorite bands. They haven't released an album since 2013 and the wait for a new one has been killing me for years now. It looks like it's supposed to be dropped sometime next year and I am beyond excited!

I guess I'm not the only one who has something to look forward to. It's just so hard to have to wait all that time for something that you want to see or hear so badly...

It's cruel making us wait pretty much an entire year between season 7 and 8. It's even more cruel that it's going to be over after this season.

Perfect Storm, I'm looking forward to the Arctic Monkeys album as well. It's been too long since we've heard new music from them. I'm also looking forward to MGMT's new album. For movies, I'm with everyone else who is excited about the next Harry Potter movie. I'm also looking forward to Solo: A Star Wars Story, Super Troopers 2, and Venom,

There's a Super Troopers 2 coming out? I can't decide if I'm really excited about that or not. I love the first one, but sometimes sequels can really bomb. I'm thinking of Zoolander 2 and Anchorman 2. I just wish they hadn't been made. Hopefully they won't make the same mistakes with this one!

Now that I've already seen Black Panther, I thought I had no other movies to look forward to this year. I'm glad I found this thread because you all have proved me wrong. I completely forgot about Venom. Secondly, I had no idea that they were making a second Super Troopers movie. I just had

to watch that trailer, and it looks hilarious. I can't wait. (Of course, it's coming out on 4/20.) I'm pretty excited for the soundtrack on that one.

There are a lot of movies I'm excited about this year. You all have named a lot of them. Some others are the new Spiderman movie, Deadpool 2, and Aquaman. If you can't tell, I'm really into superhero movies.
