Hi Wayne,

I am from Belgium and I read a lot of good things about your speakers. I would like to improve my system by replacing my back loaded horn fostex FE206 with one of your models, the three PI or the four PI. But I still don't know which one to choose. Would it be possible to send over the plans for the three and four PIs?

Thanks.

Please read the Pi Speakers FAQ and learn the differences between models and options. Let me know which model you prefer and I'll send plans.

Hi,

The 4Pi would be my preferred option. I would be grateful if you could send the plans for those.

Thank you.
