Hello! I just bought the Pi 3 subwoofers. Would it be possible to send over the plans, so I can get started on the box before they arrive?

Thanks!

Thanks! I looked all over the internet, but couldn't find what the mounting bolts for the Lab 12 are? Thanks! I am guessing they are 8s or 10s? I am about to send off an order for parts.

I like to use 10-32 button-head screws and T-Nuts.

See the thread below for more information:
