Could someone help me?I want to buy a phono stage to connect my Rega P3 turntable (Elys MM cartridge) to the Prima Luna Prologue Two (tube amp).Since I'm a kind of a rookie I'd appreciate all suggestions you send me about phono stages. I Thought maybe Trichord Dino or Musical Fidelity XLP V3 could work well with my sound system.Thanks.

Either one would sound very good. Try a used EAR 831P also. They can be had for about 500\$.
