What do you like to eat while watching a movie in the home or even in a movie theater? I love hot dogs so I make sure that I have stockpiled some of it when I'm planning to have a movie marathon in the house.

Whatever is in the fridge, that is what I eat when we watch TV shows. My favorite though would be Snickers or any chocolate bar that is available at the moment.

I also love hot dogs alongside a bag of popcorn while in a movie theater. In a house, I always prefer to drink several cups of coffee and a snack. It all depends on whether or not I am hungry because no one wants to keep moving up and down while watching a movie.

When my family and I are having a movie night, we make pizza. It's a big event. We'll make it from scratch and then start our feature presentation. Other than pizza, popcorn and fruit are both high on my list of favorites.

I try not to eat while watching movies. It's not good for my weight and my diet :p If I allow myself a cheat day, I'll eat some peanuts and drink a beer or two. I like my salt!

Give me a plate of broccoli, carrots and celery with some ranch and I'm happy! It makes me feel a little better that I'm eating vegetables while watching TV, instead of something like chips and soda.

Wait, what? Hot dogs? I don't think I have ever eaten a hot dog while watching a movie. At the theater I eat popcorn, hot and buttery, and Twizzlers. At home, I like to order pizza!

Finally, a fellow Twizzlers fan! I also like to eat M&Ms. Ever since I was a kid, I would eat Twizzlers and M&Ms together at the movies. Strange combination, I know, but I've eaten M&Ms and Twizzlers at every movie I've gone to see in theaters since I was eight. I'm not stopping now!

I forgot about candy! :p Pizza is wonderful, don't get me wrong, but I also enjoy a Take 5 bar (or two, or three...) during a movie night. Dark chocolate is also a good choice.

When watching a movie, I like foods that aren't too messy so I usually have dry ones like popcorn, peanuts, or corn. Sometimes when I haven't had too much caffeine yet for the day, I accompany it with coffee. :lol:

Even though I'm always going to eat my vegetables during a movie, I'll admit that sometimes I'll sneak a piece of 85% cocoa dark chocolate. Chocolate doesn't feel like candy when it's really bitter! :lol:

I don't eat as much either because it takes away my attention from the movie. In case I do, I prefer eating mixed nuts since it's not heavy food.

I really like drinking hot coffee and eating pasta or homemade pizza while watching a movie. It is like a special ritual for me - to prepare food, light candles, create cozy atmosphere and watch favorite movie or new episodes of some series on a big screen with friends. Here is my favorite pasta recipe and an article about coffee-making stuff that I use.

Hey Billy. I had a Bunn coffee maker that went south. I soon realized that I could just put the filter holder perched on top of the carafe minus the cover with my coffee grounds waiting for boiling water. I just boil water in a small sauce pan and pour it into the filter holder with better results than the original coffee maker ever did. It's richer and smoother. I'll never buy another coffee maker.

I don't seem to have a favorite snack or food while watching movies though. I'm like Roly Poly. A song about a chubby little boy by Bob Wills and the Texas Playboys. I'll eat anything from soup to hay.

I cuddle in a blanket with a pack of diet coke and biscuits and munch my way into the movie paradise. A drum full of caramel soda will be done by morning light.
