Hi, Usually I figure about a dozen or so of new postings. But it seems everyone is awful quiet.

I've noticed that too. Which is OK for me this week 'cause I'm slammed. Kids are back in school and we've had to do all the readiness and meet-and-greet meetings and what-not.

For me, I've been slammed from work lately much above normal. Tis the season.

I've also been real busy with getting the kids ready for going back to school as well.

I need to update my other thread as I've gotten my corner horns (7pi's) up and running using a pair of my old wedge shaped bass bins (for now).

Had an "E party" last Friday (16th), on the 42nd anniversary of his passing, and the horns sounded fantastic!

Work and family. Reason? Excuse? I'm not really sure but sometimes life happens. I did miss it here.

If it's any consolation I did add extensively to my YT channels of personal favorites. So many songs, so little time.
