This was an EP they made in 1974 but never formally released. Here is a song from that which, they say, was made entirely from household objects.

This is something only The Floyd would try. 8)

That actually doesn't sound too bad all things considered. Anyone want to take a guess as to how much a vinyl copy would be worth? It has to be a collector's item.

I really have to wonder whose idea that was. I wanna say Syd Barret but I don't know how involved he was with the band at that point. It sure doesn't sound like something Dave would have conjured up.
