Hi Wayne!

I've been really enjoying the knowledge of your printed literature, and this forum in general.

I'd like to ask for the 3 & 4 Pi Speaker plans to get a more in depth idea of their construction. Leaning toward a 3 w/ the 12PLB100.

Thank you, and be well!

Please decide which model you prefer and let me know and I'll send plans. In the Pi Speakers FAQ, there are some links that describe the differences between models and options. They might be helpful as you consider your choices.
