I'm thinking about cancelling my Disney+ subscription. I wasn't impressed with the second season of The Mandalorian and Wanda Vision is also not living up to my expectations. Those are the two shows are the reason I signed up for Disney+ in the first place. Do you think Disney+ is worth the money?

I like Disney+ for the wide range of Disney animated classics that are available. But, if you weren't happy with the shows you were interested in, I'd cancel. For me, it's worth it, but it might not be for you.

Only if you're a huge Disney fan or you have children or grandchildren who are going to watch it. Their sub is cheap right now, but it's going up a bit in March.

Do you know how much the price is going to increase? I was thinking about getting a subscription for a friend as a birthday gift. If it's going to be a lot more expensive, I'll find something else to give! :p
