She is one heck of a rock singer. Go over to youtube to check her out. Only watch her live videos from 1989 to 1999. When she was young she was terrific and a great performer.

Never heard of her before. She comes across as very experienced. I like that. Some people sing about mature topics but come across as if they're trying to force it.

Lisa is an original, nobody like her. You are only as great as the songs you sing and she writes terrific songs, makes you want to dance and go crazy!!! Lisa is the Elvis Presley of UK.
