Does anyone watch this show? I feel like I lost 30 minutes of my life because I sat through 30 minutes of it. I know everyone has different taste but this is awful.

When the television show first came out I did watch it. I think I made it through two episodes before I thought no way! I watched it more for Jenny McCarthy than for the show. I wouldn't waste my time on it anymore.

My mother LOVES that show! She always calls me right after to see if I watched it (I never do). I agree with you guys that it's pretty awful, but my mom thinks it's the bees knees. She enjoys the mystery of who is behind the masked voice.

I used to root for Jenny McCarthy until she became the voice behind the anti-vaxx movement. Now I cringe when I see her. I can't separate her talent and personality from the harm she's caused.
