I'm a huge Fast and Furious fan. I also love Vin Diesel movies. Toss in Cena and it's sure to be a hit. Anyone watched it yet? Favorite Fast movie? I am planning on buying it On Demand tonight.

Not my cup of tea, even though I do like cars.

Do you think this franchise will keep going long enough to carry over generational lines?

I failed to catch up with that movie because the following films didn't suit my taste. Although, I love how it inspired some racing games! The thrill was more focused on the cars anyway.

I love these movies. I really don't have a favorite one, I like them all. I haven't played any of the games, not a big gamer. I like most movies that Vin Diesel is in. I have not seen the newest one yet.
