I watched this movie on FXM On Demand. I was very impressed. A great story and a must see. A shame if no sequel.

Wow, I figured that a sequel would already be in the works on Disney+. I thought that was the plan. There's already a fan base and demand for it. The talent is ready to go. The backstory is done, and they already have a new direction to take. So, why aren't they pushing forward? How strange.

I'm sure they are. Some projects are kept quieter from the public and this may be one of them. I like sequels sometimes, so I hope they do a good job with this one.

I agree! I thought it was great too. I'm sure they are probably working behind the scenes because they had so much interest in the first one. I agree that it should be done.
